### **Marietta City Schools Is Top 10 Winner NSBA Digital School Districts Survey**

*District places in Top 10, fourth year running*

**Marietta, GA** – Marietta City Schools (MCS) tied for 10<sup>th</sup> place, among medium-sized school districts (2,501 – 15,000 students), in the nation’s [sixth annual Digital School Districts Survey](#).

The announcement made recently by e.Republic’s Center for Digital Education, the National School Boards Association (NSBA) and *Converge Online* magazine recognizes school districts and school boards across the nation whose use of digital technology in interfacing with students, parents and community, district governing, and bettering of operations proved exceptional.

“We are honored to have placed among the top-ten winners nationwide for the past four years, and to be recognized as among those school districts demonstrating the most comprehensive use of digital standards to engage our constituents,” said Dr. Emily Lembeck, MCS Superintendent.

Founded in 1940, the [National School Boards Association](#) is a not-for-profit federation of state associations of school boards representing 95,000 local school board members throughout the United States. [The Center for Digital Education](#) is a national research and advisory institute providing education and industry leaders with decision support, research and educational services to help them effectively incorporate new technologies in the 21st century.
