Schoology Home Page: Your Parent account compared to your child's Schoology information

Having a Parent account in Schoology is actually like having two accounts:

1. Your personal account, with your own name and information;
2. Your Child Activity view. From here, you can view Schoology from your child's perspective, and see what he or she sees, and receive updates about his or her activity.

Start by clicking on the arrow in the upper-right corner, next to your name, and then select your child’s name to switch into his or her account. The check mark in this drop-down menu indicates which account you are currently viewing.

Zoom Cheat Sheet for parents & caregivers

Before the Meeting:
• Before joining a Zoom meeting on a computer or mobile device, you can download the Zoom app at www.zoom.com or on the app store. Pre-downloading the Zoom app beforehand will save time.

Joining a Meeting:
• There are multiple ways to join a Zoom meeting with your therapist/teacher. Your therapist/teacher will give you the best direction on this. However, here are some of the ways you could join in on the meeting:
• First things first: SELECT YOUR DEVICE/MODE:

1. Via the Zoom app on Windows/Mac Computer: Click “Join a Meeting” in your app. Sign in to Zoom and then click JOIN. Enter your MEETING ID (this is the number associated with an instant or scheduled meeting from your therapist/teacher. The meeting ID can be a 9, 10 or 11-digit number), and enter your display name (could use your child’s name or initials). You do NOT need to be signed in to Zoom. Your meeting will work without having your own sign in. Select your computer audio and click JOIN.

2. Via the Zoom website on Windows/Mac Computer: In your web browser, type in “join.zoom.us”. Enter in your MEETING ID provided by your therapist/teacher. Click JOIN. When asked if you want to open “Zoom.us” click ALLOW or OPEN LINK.

3. Via Email sent by your therapist/teacher: Click the JOIN LINK in your email or calendar invitation. Depending on your default web browser, you may be prompted to open Zoom. Email invitation join link
Zoom Cheat Sheet
for parents & caregivers

Joining Continued:

4. **Via the Zoom app on iOS (iPhone, iPad, etc.):** Be sure you have downloaded the Zoom app via the App Store. Tap **JOIN A MEETING** (no need to sign in). Enter your **MEETING ID,** and enter your display name (could use your child’s name or initials). You do NOT need to be signed in to Zoom. Be sure your audio and video are on, and select **JOIN.**

5. **Via the Zoom app on Android:** Be sure you have downloaded the Zoom app via the Google Play Store. Tap **JOIN A MEETING** (no need to sign in). Enter your **MEETING ID,** and enter your display name (could use your child’s name or initials). You do NOT need to be signed in to Zoom. Be sure your audio and video are on, and select **JOIN.**

Waiting for the Host (therapist/teacher) to Start the Meeting:

- If your therapist/teacher hasn’t started broadcasting (meaning he/she is not yet on your screen), you’ll receive something similar as the following message (see right image). Just patiently wait a few minutes for your therapist/teacher to jump on!

During the Meeting:

You as the parent/caregiver have a few controls during the meeting. Here are a few common ones:

- **CHAT**: You can open a chat window by clicking **CHAT**. This is a great feature to have in case someone’s speakers aren’t working or are not on. You can alert each other via **CHAT** if you can’t hear one another.

- **RAISE HAND**: You could tap the **RAISE HAND** button while the therapist/teacher is speaking in case you have a question about something that he/she is discussing or working on with your child. This alerts your therapist/teacher that you need him/her when he/she has a moment.

- **REMOTE CONTROL**: Your therapist/teacher may give you **REMOTE CONTROL**. This means, he/she is giving you and your student access to what he/she is seeing on his/her screen. This is GREAT for teletherapy because now your therapist/teacher can use any worksheet, document, website with your student! It also makes the teletherapy platform more fun and engaging. On some devices, you may see a button that says something like “**Tap here to control screen remotely**.” Be sure to press that button for control! Control will be touch screen if you have a touchscreen device, or you’ll control via a computer mouse depending on your device/computer.

- **PATIENCE**: Technology works great...when it works! Patience and understanding is so important when starting out with teletherapy.
