

## 880-19-01 Questions and Answers

Q. Is it adequate to use the Specs below for the OPS-M

Ram: 8 GB DDR4

Internal Storage: 256 GB SSD

Or would you rather it had the requested Specs requested on the RFP?

A. RAM must be a minimum of 16GB. Internal Storage of 256 GB SSD is acceptable.

Q. Can we do a combination of onsite and remote demo?

A. Onsite demo only.

Q. How long does the demo need to be? Do you want to keep the interactive board for a few days or can are we just doing a show and tell?

A. Please limit demo to 30-45 minutes. We would like to keep the board for a few days.

Q. For the training, who is the audience? Teacher, Instructional Technologists, etc.?

A. The audience could be made up of individuals from any of those groups, depending on who can attend.

Q. Regarding Hardware requirement for the "ADJUSTABLE MOBILE DISPLAY CART" in the above RFP:

Does your specified "ADJUSTABLE MOBILE DISPLAY CART" require the mobile cart to be "dynamically height adjustable by a classroom user such as a student or teacher without the use of any tools", or does this requirement allow for a mobile cart that can be height adjustable to alternate fixed heights using simple tools and a technician?

A. No specific requirement was specified. Feel free to provide pricing for both.
