ATTENDANCE (BOARD POLICY JB)

The parents/guardians/other persons having charge of any child between the child's sixth and sixteenth birthdays are subject to "compulsory attendance". That is, they are required by law to enroll and send such child to a public or private school or utilize a home study program. Students assigned to alternative schools are subject to this requirement as well.

The School System will abide by all applicable authority regarding student attendance, including state law and State Board of Education Rules. Additionally, the School System will keep abreast of temporary waivers and/or ordered from state and federal government as well as public health authorities during times that student attendance rules may be affected by extraordinary and unforeseen circumstances. Such circumstances may include but are not limited to widespread public health risk. Based upon applicable guidance, directives and temporary rules, waivers, or orders, it may be necessary to adjust attendance protocol on a temporary basis for compliance purposes and to protect student and staff health and safety. Formal amendment of policy and procedures may be considered and become necessary in the case that such changes go beyond a temporary basis.

Georgia law, O.C.G.A. § 20-2-690.1, states that a person who fails to send a child to school may be charged with a misdemeanor. For each violation of the statute, a court may subject this person to a fine not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed thirty (30) days, community service, or any combination of such penalties. Each day's absence after the school notifies the person of five unexcused days of absence shall be considered a separate offense under the statute.

For the purposes of this Policy, a child between his/her sixth and sixteenth birthdays shall be considered truant if the child has more than five days of unexcused absences in a school year. A truant student with more than ten days of unexcused absences within a school year may be identified as a child in need of services in accordance with O.C.G.A. § 15-11-2,

Parents/guardians/enrolling persons should review Policy JCDA (Behavior Code) for more information regarding truancy/attendance procedures, legal consequences, and school discipline for attendance violations.

Definitions:

Tardy - A student is tardy when a student arrives at an assigned place after the designated time.

Excused Absence – The reason for a student being absent from school meets the established criteria set forth by the school board policy.

Unexcused Absence – The absence from school does not meet the established criteria set forth by the school board policy for consideration for excused absences.

In Attendance – to be considered "in attendance" for a school day, a student must be present for at least one-half of the school day, excluding the lunch period. Students leaving school before meeting that requirement, or arriving at school too late to meet the requirement, will be considered absent for the day.

Truant – any child subject to compulsory attendance who, during the school calendar year has more than five days of unexcused absences.

The following procedures should be observed in regard to attendance of students:

1. Absences and Excuses
 - a. Students may be temporarily excused from school for any of the reasons allowed by state law and State Board of Education Rules. Such reasons include, at a minimum:
 - i. Personal illness where the student's health or the health of others is endangered;

Schools may request, among other documentation, a letter written by a licensed physician of the student or family member, explaining the reasons for the absences. Failure to submit a written excuse within three (3) school days of the student's return to school after an absence may result in the absence being marked as unexcused.
 - d. School days missed as a result of an out-of-school suspension shall not count as unexcused days for the purpose of determining student truancy.
 - e. Students must be counted as present to be eligible to engage in extra-curricular activities on that day.

- f. Students will face progressive disciplinary consequences for attendance-related offenses. See Policy JCDA for more information.

BEHAVIOR CODE (BOARD POLICY JCDA)

OBJECTIVE:

It is the goal of the Marietta City Schools that all students be successful in school and graduate. To that end, it is the student's responsibility to follow all rules and regulations of the schools and the School System. The Marietta Board of Education expects the highest standard of conduct and decorum of all students attending Marietta City Schools.

Students are expected to: demonstrate respect for self and others; demonstrate courtesy to others; behave in a responsible manner; attend class regularly; be prepared for class; take seriously the course of study; dress appropriately; cooperate with school officials; respect others' property; and avoid violation of the student code of conduct. Students are expected to be ambassadors for our school system and must conduct themselves in a respectful and considerate way at all times whether at school, on school or school district grounds, en route to and from school, in the community or attending school related activities outside our community. Students who misbehave, show disrespect to school employees or school property, or disrupt school activities shall be subject to appropriate disciplinary action.

The Superintendent shall develop or assign personnel to develop rules and regulations which implement the above mentioned philosophy. The Board of Education will approve all student policies and any change to these policies. A system wide handbook on student conduct shall be provided to each student at the beginning of the school year and/or upon enrollment.

The Superintendent shall review or assign personnel to review the code of conduct on an annual basis. Parents will participate in the revisions. The Board of Education will approve all revisions to the Code of Conduct.

The disciplinary procedures outlined in this behavior code exist as required by law and state board of education rules to ensure that all students are aware of unacceptable behavior, as well as the consequences of such policy violations. Staff members should discuss the Behavior Code in full with their students at the start of school and at other times during the year as needed. It is the responsibility of parents or guardians to discuss the Behavior Code with their students and to inform them of the consequences and criminal penalties of violating this code. This includes underage sexual conduct and crimes for which a minor can be tried as an adult (O.C.G.A. § 20-2-735). The School System encourages parents to inform their students of the implications of this conduct. Nothing in this policy shall be construed to infringe on any right provided to students with Individualized Education Programs pursuant to the federal Individuals with Disabilities Education Act, Section 504 of the federal Rehabilitation Act of 1973, or the federal Americans with Disabilities Act of 1990.

DISRUPTIVE STUDENTS:

The Superintendent of Marietta City Schools fully supports the authority of principals and teachers in Marietta City Schools under O.C.G.A. § 20-2-738, including establishing and disseminating procedures. Teachers may remove students who repeatedly or substantially interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn, where the student's behavior is in violation of the student code of conduct, provided that the teacher has previously filed a report pursuant to O.C.G.A. § 20-2-737, as described immediately

below, or determines that such behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher.

Any teacher, who has knowledge that a student has exhibited behavior that repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the classroom or with the students' ability to learn, is required to file a report to the principal's office. The report shall be filed with the principal or his/her designee within one school day of the most recent occurrence of such behavior and shall not exceed one page and shall describe the behavior of the student. The principal or designee shall send a copy of the report to parents within one school day of receiving it and shall include information on how the parents may contact the principal or designee. The principal or designee shall also provide written notification of disciplinary action taken to both the parent and the teacher within one school day. (O.C.G.A. § 20-2-737)

The Marietta City School System retains the right to assign disruptive students or students who frequently or severely violate the behavior code to an alternative education program. Students may be assigned to the alternative educational program either by a disciplinary hearing, a disciplinary hearing waiver, after returning from incarceration in a youth detention facility or an adult detention facility, by parental request, or by the decision of an Admission Screening Committee. All students assigned to the alternative education program are subject to the provisions of the Marietta City Schools Behavior Code and the rules and procedures of the alternative education program. Failure to comply with the Behavior Code or the rules and procedures of the alternative education program may result in dismissal from the alternative education program or referral to a disciplinary hearing.

The alternative educational program is available for students in grades six through twelve. Unless a minimum time period is specified by a disciplinary hearing or through a waived hearing, students shall be assigned for a minimum of one complete semester. Students assigned to an alternative education program shall not participate or attend any school-sponsored or extra-curricular activity at any Marietta City School.

Criminal law violations are subject to this behavior code and will also be referred to local law enforcement authorities. Furthermore, in order to ensure the safety of students, the Board of Education authorizes reasonable and appropriate action, including the use of force or physical restraint when the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions including verbal directives or other de-escalation techniques. Reasonable physical force or physical restraint may be used when other less severe means of preventing greater harm may have been ineffective and/or when conditions for action are urgent.

The principal of each school in the Marietta School System or authorized representative has the authority to conduct reasonable interrogations of students in order to properly investigate and punish student misconduct and is authorized to conduct searches within the confines of applicable law of students, student lockers, automobiles driven by students, other property assigned to students, or articles carried upon their persons. Metal detectors may be used to search students for weapons. Students do not have a reasonable expectation of privacy for items stored on school property, which includes areas such as school lockers, within locker rooms, on-campus parked vehicles and other school areas.

CHRONIC DISCIPLINARY PROBLEM STUDENTS:

Chronic disciplinary problem student means a student who exhibits a pattern of behavioral characteristics which interfere with the learning process of students around him or her and which are likely to recur. (O.C.G.A. § 20-2-764)

After a student has been identified as a chronic disciplinary problem student, O.C.G.A. § 20-2-765 requires that the principal notify the student's parent or guardian by telephone call and by either certified mail or statutory overnight delivery with return receipt requested or first-class mail of the disciplinary problems and invite such parent or guardian to observe the student in a classroom situation.

Georgia law also requires at least one parent or guardian be invited to attend a conference to devise a disciplinary and behavioral correction plan. The principal or designee and the parent or guardian is expected to be present at the conference. The principal may also invite other appropriate staff members if he/she feels that it would be advisable to do so. If the parent or guardian fails to attend the conference, it will be the responsibility of the school personnel attending to devise a disciplinary and behavioral correction plan for the student and to provide copies of that plan to both the parent

and the student. Before any chronic disciplinary problem student is permitted to return from an expulsion or suspension, the school to which the student is to be readmitted shall request by telephone call and by either certified mail or statutory overnight delivery with return receipt requested or first-class mail at least one parent or guardian to schedule and attend a conference with the principal or his or her designee to devise a new or revised disciplinary and behavioral correction plan. Failure of the parent or guardian to attend shall not preclude the student from being readmitted to the school. At the discretion of the principal, a teacher, counselor, or other person may attend the conference. The principal shall ensure that a notation of the conference is placed in the student's permanent file (O.C.G.A. § 20-2-766).

STUDENT SUPPORT TEAM (SST):

The Student Support Team (SST) is an interdisciplinary group that uses a **systematic** problem-solving **process** to address roadblocks that impede a student from meeting grade level expectations. Georgia mandates that a minimum of one SST is established in every school, K-12.

SST develops a plan of intensive intervention for student learning, known as Tier 3 within the GaDOE Response to Intervention framework. SST provides an additional layer of analysis, instruction, and intervention beyond standards-based differentiated instruction (Universal Instruction) and focused strategies (Tier 2), which are available school-wide to students.

At each school, the SST Facilitator brings together a problem-solving team (including the student's teachers, other personnel, and parents) to address academic and/or behavior needs that are impeding the student's ability to meet grade level expectations. The SST uses a problem-solving process to analyze data, identify target area(s) and create a plan of action. This collaborative, data-driven, decision-making process includes:

- Identify the problem (descriptive and measurable)
- Gather information and analyze data from a variety of sources and assessments
- Establish instructional/behavioral objective(s)
- Develop an intervention plan which specifies appropriate evidenced based strategies and ongoing assessment measures
- Implement the plan (who, what, when and where)
- Evaluate periodically, adjusting or discontinuing the intensity of instruction or intervention, as appropriate

School personnel should follow the process and procedures outlined in the **Marietta City Schools Multi-tiered Systems of Support Practitioner's Guide**.

A school staff member or a parent/guardian may refer a student to the SST at any time. Occasionally, the school may receive requests for SST from community professionals working with a MCS student. In these cases, an SST shall convene and determine the appropriate level of instruction and intervention to address area(s) of concern.

The SST initiates referrals to the Department of Special Services when the student is suspected or known to be disabled and in need of special education and related services. The SST documents the student's Response to Intervention (RTI) in general education as well as provides the student's present levels of academic, behavioral, and developmental functioning.

Increasing the intensity of instruction or interventions through RTI may not be appropriate to meet the unique learning needs of some students. In such case, the SST may expedite the special education evaluation and eligibility process. Also, the SST should consider "red flags" as a plan for focused instruction and intensive intervention is developed. This includes but is not limited to students who enroll in MCS with SST records from another school district and students who demonstrate severe behavior difficulties that significantly impact their safety and /or the safety of others in school.

ENROLLMENT OF STUDENTS:

Pursuant to O.C.G.A. § 20-2-751.2, a student from a public school system in this state, a private school in this state, or a public school outside of this state, who attempts to enroll or who is enrolled in any Marietta City Schools during the time in which that student is subject to a disciplinary order of suspension or expulsion, or has been permanently expelled from

school, shall be refused admission or withdrawn from Marietta City Schools for any time remaining in that other school system's or school's disciplinary order upon receiving a certified copy of such order if the offense which led to such suspension or expulsion in the other school system or school was an offense for which suspension or expulsion could be imposed in Marietta City Schools.

School administrators shall notify all teachers and other school personnel of any student assigned to them who has been convicted of or has been adjudicated to have committed an offense which is a class A designated felony or class B designated felony act under O.C.G.A. § 15-11-2. Such teachers and other certified professional personnel as the administrator deem appropriate may review information in the student's file. Such information shall be kept confidential.

UNSAFE SCHOOL STATEMENT:

Major disciplinary offenses including, but not limited to drug and weapons offenses, can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16.

DRIVERS' LICENSES {Teenage and Adult Driver Responsibility Act (O.C.G.A. § 40-5-22)}:

In addition to penalties specified in this Code of Conduct for attendance and selected conduct, students seventeen (17) years of age and younger may find their eligibility for a Georgia instructional/learner's permit or driver's license impacted by their school enrollment and/or conduct.

ALLEGATIONS OF INAPPROPRIATE BEHAVIOR:

The School System adheres to the requirements found in O.C.G.A. § 20-2-751.7 and the Professional Standards Commission's state mandated process for students to follow when reporting instances of alleged inappropriate sexual behavior by a school employee. Any student (*or parent or friend of a student*) who has been the victim of an act of abuse, sexual abuse, sexual misconduct, or other inappropriate behavior by a teacher, administrator or other school system employee is urged to make an oral report of the act to any teacher, counselor or administrator at his/her school.

Any teacher, counselor or administrator receiving such a report shall make an oral report of the incident immediately by telephone or otherwise to the school principal or principal's designee and shall submit a written report of the incident to the school principal or principal's designee within 24 hours. *If the principal is the person accused of the abuse, sexual abuse, sexual misconduct or other inappropriate behavior, the oral and written reports should be made to the Superintendent or the Superintendent's designee.*

Any school principal or principal's designee receiving a report of abuse as defined in O.C.G.A. § 19-7-5, or any other behavior required to be reported under this law, shall make an oral report by telephone or other oral communication or a written report by electronic submission or facsimile immediately, but in no case later than 24 hours from the time there is reasonable cause to believe that suspected child abuse has occurred. When a report is being made by electronic submission or facsimile to the Division of Family and Children Services of the Department of Human Services, it shall be done in the manner specified by the division. Oral reports shall be followed by a later report in writing, if requested, to a child welfare agency providing protective services, as designated by the Division of Family and Children Services of the Department of Human Services, or, in the absence of such agency, to an appropriate police authority or district attorney. If a student has allegedly been abused or subjected to inappropriate behavior by a school employee, a report of such allegation will also be made as soon as practicable by the principal or principal's designee to the Superintendent's designee.

REPORTING OF STUDENTS COMMITTING PROHIBITED ACTS:

Any report of behavior contemplated in O.C.G.A. § 20-2-1184 will be made by the principal or designee to the Superintendent's designee and school resource officer. The school resource officer will report the matter to the office of the district attorney.

JURISDICTION AND DEFINITIONS:

The following code provisions apply to offenses that students commit while on school property, on school vehicles, at

designated school bus stops, en route to and from school, engaging in or attending school-related events or activities, while using the school technology resources or, in some cases, while off-campus. As used in this Code of Conduct:

- A. **Alternative Educational Program (AEP)** – A placement that provides for the educational and behavioral needs of students who have been removed from the regular school programs due to violations of the behavior code or are returning from placement in a Department of Juvenile Justice (DJJ) facility or adult detention facility or are eligible to remain in their regular classroom but are more likely to succeed in a nontraditional setting such as that provided in an alternative education program. This term includes, but is not limited to, the programs operated by the School System, and facilities operated by providers under contract with Marietta City Schools.
- B. **Battery** - Making intentional physical contact of an insulting or provoking nature with another person, causing injury, or behaving in such a way as to intentionally cause physical injury to another person.
- C. **Bullying** means an act which occurs on school property, on school vehicles, at designated school bus stops, or at school related functions or activities, or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of Marietta City School, that is: Any willful attempt or threat to inflict injury on another person when accompanied by an apparent present ability to do so; intentionally exhibiting a display of force such as would give the victim reason to fear or expect immediate bodily harm; or any intentional written, verbal or physical act, which a reasonable person would perceive as being intended to threaten, harass or intimidate that:
 - Causes substantial physical harm or bodily harm capable of being perceived by a person other than the victim and may include, but is not limited to, substantially blackened eyes, substantially swollen lips or other facial or body parts, or substantial bruises to body parts;
 - Has the effect of substantially interfering with the victim student’s education;
 - Is so severe, persistent or pervasive that it creates an intimidating or threatening educational environment; or
 - Has the effect of substantially disrupting the orderly operation of the school.

In the case of students whose immediate detention would pose transportation problems, twenty-four (24) hours notice should be given before the detention takes place.
 - E. **Disciplinary Tribunal** - A disciplinary hearing to determine the guilt or innocence of a student accused of violating this behavior code. If the student is determined to be guilty of the alleged offense, tribunal officers or hearing officers determine the appropriate discipline for the student. Section 1 DISCIPLINE LEVELS:

A. Level 1 Discipline: Level 1 discipline is used for minor acts of misconduct which interfere with the good order of school. Following appropriate teacher intervention, students may be referred to an administrator. Consequences range from administrative conference to three (3) days of in-school Suspension (ISS) and/or restitution. Consequences may also include detention, work detail and/or Saturday school.

B. Level 2 Discipline:

Level 2 discipline offenses are intermediate acts of misconduct. Students should be referred to an administrator. Consequences range from an administrative conference to five (5) days Out-of-School Suspension (OSS) and/or restitution. Consequences may also include in-school suspension, detention, work detail and/or Saturday school.

C. Level 3 Discipline:

Level 3 discipline offenses are serious acts of misconduct including, but not limited to, repeated misbehaviors of a

similar nature, serious disruptions of the school environment, threats to health, safety, or property and other acts of serious misconduct. Repeated violation of any part of this behavior code may be considered a Level 3 offense.

Students must be referred to the principal or his/her designee. The principal or his/her designee will notify the Superintendent as well as the School Resource Officer or other law enforcement agencies as required by this policy. Notification of the Superintendent is required any time a student is referred to a disciplinary tribunal or the tribunal waiver process is used. Consequences range from out-of-school suspension to permanent expulsion and may include referral to an alternative education program. Students permanently expelled from Marietta City Schools are not eligible for enrollment in the School System's Alternative Education Program (AEP).

School principals or designees may recommend that a student be considered eligible to apply to attend the AEP during long-term suspension/expulsion. Upon this recommendation or a decision of the Tribunal Facilitator/Panel or Hearing Officer, expelled/long-term suspended students may attend the AEP for all or any assigned portion of their expulsion/long-term suspension pursuant to a contract. A student may be required to attend the AEP for a minimum length, which may extend past the long-term suspension/expulsion.

If a student is given the option of attending the alternative education program during the time of the long-term suspension/expulsion, they must enroll in the program within twenty (20) days of the tribunal decision. Failure to enroll within the twenty (20) day period may result in the forfeiture of the opportunity.

All students accepted into the School System's AEP will be on a contract basis, which will include behavior, attendance, and academic objectives. If the student violates the terms of the contract, he/she may forfeit the opportunity to attend the AEP during the remainder of his/her expulsion or long-term suspension, pursuant to the order of the Tribunal Facilitator/Panel or Hearing Officer and/or the terms of the contract. The student may appeal his/her dismissal to the Deputy Superintendent or designee. Students who violate the terms of the contract and have been assigned to the AEP for reasons other than a disciplinary tribunal decision may be referred to a disciplinary tribunal for further disciplinary action.

School principals or designees may also refer the student to the Marietta Student Life Center for behavior intervention services, when available, in lieu of out-of-school suspension (OSS) or in-school suspension (ISS), or any portion of the period of OSS/ISS. Exceptions to this provision include, but are not limited to, penalties for buying, selling, and possession with Intent to distribute drugs/alcohol (2nd offense); consequence for a tribunal finding of a third offense of bullying within a school year; consequences for physical offenses upon school employees; and consequences for a dangerous weapon or firearm.

As a minimum, students and their parents or guardians shall be required to meet with school administrators and/or other designated personnel to develop and implement an attendance improvement plan. Parking privileges also may be revoked for attendance violations.

When a child is absent, parents, guardians, or other persons who have control of a child enrolled in the School System must comply with Policy JB, (Attendance) and local school guidelines and submit valid, written excuses for absences. Georgia law requires that after any student accrues five (5) days of unexcused absences in a given school year, the parent, guardian, or other person who has control or charge of that child shall be in violation of Georgia Code Section § 20-2-690.1(c). Any child that is subject to compulsory attendance who, during the school calendar year, has more than five (5) days of unexcused absences is considered truant. Possible consequences may also include identification as a 'child in need of services', as that term is defined by O.C.G.A. § 15-11-2, and pursuant to the procedures of Georgia Juvenile Code, Title 15, Chapter 11, Article 5.

Each day's absence from school in violation of this part after the child's school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense."

Schools shall notify parents when a student has accumulated five (5) unexcused absences. Schools shall also notify parents when the student has accumulated seven (7) unexcused absences during the school year.

Students may not possess ammunition, BBs, paint pellets, or CO2 cartridges. These items are disruptive to the function of the school and may pose a safety risk. **(Level 1-3)**.

E. BUS BEHAVIORS:

The Marietta Board of Education expects students to conduct themselves in an exemplary manner on school bus transportation, or any other mode of transportation used to transport students to and from school or to and from extra-curricular or interscholastic activities.

Encouraging proper student behavior while students are being transported is the responsibility of the school bus driver, Director of Transportation, school administration, and other personnel with supervisory responsibility over the students being transported.

The Department of Transportation takes seriously the safety of all students transported on Marietta City School's school bus transportation. Compliance with the rules below helps ensure the safe transportation of students to and from school and school related activities.

Students shall comply with the Safe Rider Code of Conduct. Additionally, students shall follow all student behavior policies and regulations while on school provided transportation including, but not limited to, the prohibitions on physical violence, bullying, assault, battery, disrespectful conduct, or other unruly behavior. Any referral to a school administrator for violating the behavior code while on school bus transportation will be resolved in accordance with the consequence levels prescribed in this policy. Inappropriate behaviors determined to be a violation of the behavior code do not require implementation of the Bus Safety Partnership Discipline Plan prior to submission of a referral to the school administration.

Consequences for violating the behavior code as it relates to student transportation range from Level 1 through Level 3 and/or suspension from the bus for a specified time: This may include permanent suspension from the bus. In the event a student's bus privileges are suspended, it shall be the responsibility of the parent/guardian, or the student if over 18 years old, to provide transportation to and from school and to and from extra-curricular and interscholastic activities. Additionally, prohibited items may be temporarily confiscated by the driver, provided they are returned to the student, student's parent/guardian, school administrator, or Director of Transportation. Drivers should not keep student's personal property in their possession overnight.

Articles brought on the bus such as band instruments must be kept in possession of the owner at all times. Efforts will be made to accommodate instruments; however, those that are too large or pose a threat to safety may be denied for transport. Students should be at the bus stop at least five (5) minutes before the bus is scheduled to arrive. Buses arriving within five minutes of scheduled pick-up time are considered to be on time. The bus will stop and load or unload passengers only at the designated bus stops. During inclement weather, the driver may make stops closer to a passenger's home.

In addition:

1. Students must always keep all body parts inside the bus. **(Level 1-3 and/or suspension from the bus for a specified time)**

2. Nothing may be thrown into, out of, within, or at the bus. **(Level 1-3 and/or suspension from the bus for a specified time)**

Unsafe bus stop behavior should be reported to the school principal or his/her designee. **(Level 1-3 and/or suspension from the bus for a specified time)**
9. Students shall move behind the guardrail or white line on the floor before the bus is placed in motion, and they must be seated (if available) and remain seated and/or behind the guard rail and/or white line throughout the ride. **(Level 1-3 and/or suspension from the bus for a specified time)**

Marietta City School System BUS STOP NOTICE

It is important that parents/guardians are aware of their child's bus stop information, including where and when students are dropped off by the bus in the afternoon.

It is the responsibility of the parent or guardian to ensure the student is appropriately supervised once a child is dropped off at his/her bus stop. Failure to do so can result in the filing of a report based upon Division of Family and Children Services (DFACS) guidelines.

The following are Georgia DFCS guidelines for leaving a child without adult supervision:

- Children age 8 years old and younger should not be left alone, even for short periods of time.
- Children between the ages of 9 and 12, based on level on maturity, can be left home alone for brief periods of time.
- It is strongly discouraged for parents to have 13 year old babysit infants, small children, and children that require special attention due to medical conditions.
- Children 15 and older can be left home alone overnight, depending on the level of maturity of the child.

When leaving a child unaccompanied, please consider the following recommended safety precautions:

- Don't leave the child responsible for food preparation that involves the stove.
- Have a neighbor or relative check in regularly or have the child check in with an adult.
- Make a safety plan that includes 911 and rehearse the plan with your child.

Please note that students 8 years old and younger may be brought back to a Marietta City School (MCS) satellite location (that houses an after school program) by the bus driver if the driver, subject to his/her discretion, has reason to believe the child could be in danger and/or is not properly supervised. If a student is returned to a MCS after school program (see below), his/her parents will be charged the ASP daily rate. Therefore, it is important that you communicate your arrangements with the bus driver if you or another responsible person of appropriate age is not present to meet young children.

Parents in need of after school care can register their child at <https://mariettacommunityschool.ce.eleyo.com/BSP-ASP> or call 770-429-3170 for more information about the ASP program.

Section III. CLUBS AND ORGANIZATIONS:

The names of student clubs and organizations, the mission or purpose of such clubs or organizations, the names of the club's or organization's contacts or faculty advisors, and a description of past or planned activities will be available in student handbooks, school-provided information and/or on school websites for each school. This information is updated periodically throughout the year and is available on the school's Website, which may be accessed at www.marietta-city.org, and/or the school's administrative offices.

BRING YOUR OWN TECHNOLOGY PROGRAM

As new technologies continue to change the world in which we live, they also provide many new educational benefits for classroom instruction. To encourage this growth, students may have the option to bring their own technology (BYOT). This program is available to all Marietta High School students. Other district schools may offer this opportunity and will provide appropriate notice.

Definition of "Technology"

For purposes of "BYOT", "technology" means privately owned wireless and/or portable electronic handheld equipment that can be used for word processing, wireless Internet access, and information transmitting, receiving and storing. We understand that not every student has his or her own electronic device. The school will provide students with technology necessary to participate in classroom assignments.

Security and Damages

Responsibility to keep the device secure rests with the student and parents. Neither Marietta City Schools, nor its staff or employees, is liable for any device stolen or damaged on campus, at school events, on school buses, or while using school technology resources. It is recommended that decals, markings, engraving and/or other custom labels are used to physically differentiate your device from others. Student may also wish to explore applications and services that provide GPS location. Additionally, protective cases for technology are encouraged.

Please review and sign the BYOT agreement between teachers, parents, and students. No student will be permitted to use personal technology devices unless this agreement is signed and returned.

DRESS AND GROOMING (BOARD POLICY JCDB)

Dress and Grooming

The Board of Education of the City of Marietta recognizes that the dress and grooming of students are significant factors in the successful operation of the educational program. Furthermore, it is recognized as an educational responsibility of the school to make students aware that appropriate dress, appearance, and hygiene are conducive to their personal well-being and the well-being of others.

In keeping with these understandings, each student in the Marietta City Schools System shall be responsible for maintaining a dignified and well-groomed appearance while involved in all school activities or while acting as a representative of the school. The dress of students shall be appropriate for the activities of the school program in which they are participating.

School principals may accordingly regulate the dress and grooming of students.

School Uniforms

Each charter system school in the Marietta City Schools system shall have the option of implementing a site- based uniform policy at the opening of school in any given school year. Implementation shall be subject to the approval of the School Governance Team (SGT) in accordance with the procedures set forth below:

1. The SGT of each school shall notify the parent/guardians of students enrolled in the school of their intent to implement a site-based uniform policy at the opening of school no later than March 1 of the calendar year in which the policy is to be implemented.
2. Such notification shall include, but not be limited to the following:
 - a. The rationale for implementing a site-based uniform policy.
 - b. Detailed description of the uniform policy; including the scope of the opt-out provision (which at a minimum must include an opt-out for medical and/or religious reasons).
 - c. Funding sources with respect to students who cannot afford to purchase uniforms. No student shall be denied attendance at a school, penalized, or otherwise subject to discipline measures for failing to wear a uniform by reasons of financial hardship.
 - d. Information regarding vendor options, prices, discounts, and offerings.
 - e. Information regarding types of uniforms to be used, including styles, colors, etc.
3. Prior to SGT approval of a site-based uniform policy, the principal shall hold at least two information sessions to which all of the parents/guardians of students enrolled in the school are invited.
4. Seventy percent of the staff and 70% of all the parents/guardians of students enrolled in the school must signify their approval of a site-based uniform policy via a survey, petition, or ballot cast for that purpose; or any combination thereof.
5. The SGT shall annually review the site-based uniform policy to determine whether the policy has met the objectives for which it was implemented.
6. A school may terminate a site-based uniform policy by a majority vote of the faculty present at a faculty meeting and a majority vote of parents/guardians who attend an information session; both of which are held for the purpose of determining whether the site-based uniform policy should be discontinued.
7. In the event of termination of charter system status, a site-based uniform policy already approved and implemented shall remain in force unless termination is requested by the principal and approved by the Board.

ERIN'S LAW

Many states, including Georgia, have recently passed laws with the intent of increasing the awareness of child sexual abuse. You may be familiar with this legislation under its more common name, Erin's Law. Erin Merryn has crossed the country advocating for laws that will increase awareness of this crime against children. One of the requirements of this law is that schools provide an age-appropriate curriculum to all students relating to sexual abuse prevention. The purpose of these lessons is to provide students tools needed for personal safety and to provide a nurturing and caring environment open for disclosure of any incidents.

Marietta City Schools has developed lessons that will be taught at your student's age level, in a safe and simple way. Students in grades 1-5 will receive the lesson from their school counselor, with the exception of students in grade 3. Third grade students will participate in radKids, a comprehensive safety education program supported by the Marietta Police Department, to meet the Erin's Law requirement. Students in grades 6-8 will receive the lesson from their PE teacher. The current high school Health course already provides this information to students. If you have any questions regarding the curriculum, please contact the above individuals. For more information on Erin's Law, please visit www.erinslaw.org.

House Bill 287

The legislation requires the inclusion of tobacco and vapor products in the list of mandatory instruction concerning drug and alcohol use for K-12 students in every grade, every year. Modifications to Georgia's health and physical education standards reflect the change in the standards. Physical education teachers met to identify grade-appropriate lessons on cigarettes and vapor products, and teachers are incorporating lessons and resources aligned to state standards in their lesson plans.

HB287 also requires state boards of education to prescribe a course of study about human trafficking awareness for

students in grades 6-12. Changes to state curriculum standards have occurred to reflect the newly adopted legislation. Marietta City Schools is partnering with Susan Norris and Rescuing Hope (a local non-profit organization) to provide instruction in human trafficking awareness to students in grades 6-12 through the *Play it Safe* presentation.

Rescuing Hope teaches middle and high school students how to *Play it Safe* by sharing age-appropriate facts, stories, and actionable tips that can help them avoid dangerous situations and empower them to protect themselves and those around them from falling victim to a trafficker. Students will learn:

- What sex trafficking is and how it works.
- Who traffickers target, where, and how.
- How to safely use social media and technology.
- Simple ways to protect themselves from being exploited.
- How to recognize when someone is being trafficked or at risk of being trafficked.
- Who to call if they suspect someone is being trafficked.
- What they and their friends can do to fight sex trafficking.

Information will be forthcoming from your student's school about the presentation and the opportunity to opt-out of participating in the *Play it Safe* program. Additional information on health and PE standards can be found here:

<https://www.georgiastandards.org/Georgia-Standards/Pages/Physical-Education.aspx>.

PRIVACY ACT (FERPA)

Parents/guardians or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. Parents/guardians or eligible students may ask the School System to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the School System decides not to amend the record as requested by the parent/guardian or eligible student, the School System will notify the parent/guardian or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

The School System may include personally identifiable information in school publications such as a playbill, showing your student's role in a drama production; the annual yearbook; honor roll or other recognition lists; graduation programs; and sports event publications, such as a football game program.

Directory information may also be released without prior consent to only the following: law enforcement agencies, State and Federal Child Welfare Agencies, District Attorney and Solicitor's Offices, the Professional Standards Commission, PTA and other school support organizations, U.S. Armed Forces recruitment agencies, schools and colleges accredited by the Southern Association of Colleges and Schools (AdvancEd), and companies the School System uses to manufacture school items such as class rings or yearbooks for non-political purposes. School System teachers, School System schools and the School System may also display a student's name, email address, photograph, recording, footage, most recent previous school attended, awards received, participation in school activities and sports, as well as weight and height of members of athletic teams on School System or School Websites or blogs for the purposes of recognizing student achievement, instructional purposes, or informing the community about school events and activities.

The School System also records and maintains audio recordings and video or photographic footage (including accompanying audio) of students on school property and at school events in locations including, but not limited to, parking lots, school buses, lunchrooms, classrooms, and hallways. Such information is used and maintained for security and other purposes, including yearbooks, video yearbooks, and school publications and Websites. In many cases, videos contain peripheral video or photographic footage of students engaged in day-to-day activities including, but not limited to, walking to class, riding the school bus, attending, or participating in classroom or school activities, eating lunch, participating in club or performance activities, accepting awards and/or engaging in academic activities. Peripheral video footage, photographic images, or audio recordings of day-to-day student activities do not include footage of a student or students committing or being involved in a violation of law or School System or School Rule, Procedure, or Policy. The School System may also determine that other activities do not qualify as peripheral images, footage, or recordings on a case-by-case basis. Peripheral or day-to-day recordings, images or video footage (including accompanying audio) of students may be released without prior written parental/guardian consent, subpoena and court order to only the following: law enforcement agencies, State and Federal Child Welfare Agencies, District Attorney and Solicitor's Offices, the Professional Standards Commission, PTA and other school support organizations, U.S. Armed

Forces recruitment agencies, and schools and colleges accredited by the Southern Association of Colleges and Schools (AdvancEd) for non-political purposes. A student or the parent/guardian of a student involved in any prohibited conduct may review a recording of prohibited conduct, which may contain other students' peripheral video or audio information. This review may be allowed without obtaining the consent of the peripheral student(s) or his/her parent(s)/guardian(s). FITNESSGRAM

In 2009, the Georgia Student Health and Physical Education (SHAPE) Act was passed and is outlined in Official Code of Georgia Annotated § 20-2-777. The law requires each local school district to conduct an annual fitness assessment program for all students in grades 1-12 enrolled in classes taught by certified physical education teachers. The Georgia Department of Education (GaDOE) Fitness Assessment Advisory Committee recommended the FITNESSGRAM Assessment for students across our state.

As a part of your child's physical education program, your school will be administering the FITNESSGRAM Assessment this year. FITNESSGRAM is a comprehensive fitness assessment for youth. It is designed to assess cardiovascular fitness, muscular strength and endurance, flexibility, and body composition. Your child's physical education teacher will share your school's testing window for 2022-23.

FITNESSGRAM is a quality fitness assessment that is criterion-referenced. This means that a student can compare his/her scores with standards that have been identified for good health. The FITNESSGRAM also assesses the current fitness level of students and promotes individual goal setting which allows students to take ownership of their health. It does not assess skill or athletic ability.

You will receive a copy of your child's FITNESSGRAM score report from the school. By providing you and your child this health-related information, you can guide and support your child in his/her efforts to lead a healthy lifestyle. A healthy student is better prepared to learn and perform in all aspects of life. If you have any questions about the FITNESSGRAM assessment, feel free to contact your child's physical education teacher.

HOMELESS STUDENTS

A homeless child or youth is defined as a student lacking a fixed, regular and adequate nighttime residence that is living in any of the following situations: sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; living in an emergency or transitional shelter; living in a motel, hotel, trailer park or camping ground due to lack of alternative adequate accommodations; abandoned in hospitals; awaiting foster care placement; primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and migratory children who qualify as homeless for the purposes of this subtitle because the children are living in preceding circumstances. These preschool-aged and school-aged children have certain rights or protections under the McKinney-Vento Homeless Education Assistance Act 42 U.S.C. 11431 et seq. These rights include enrollment without delay in school without proof of residency or permanent address; without immunization, school records, or other documents or while documents are being obtained; a choice between the local school where you are living or the school last attended before becoming homeless (when requested by the parent/guardian and determined by the district to be feasible and in the student's best interest); a right to initiate the

dispute resolution process when the parent/guardian or student disagrees with the determination at the district and state level; and a right to attend school and participate in school programs to the extent that all students are eligible to participate. To be considered eligible and for further information regarding the dispute resolution process, families or unaccompanied homeless youth should contact the Homeless Liaison that serves the school zoned for the location where they reside. Homeless eligibility is for one school year only, so the parent/guardian or student should verify their homeless status at the beginning of the school year in order to renew their eligibility.

SECTION 504 PROCEDURAL SAFEGUARDS

1. Overview: Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. Marietta City Schools' Chief of Special Services and Educational Supports, Michele Bealing-Sayles (mbealing-sayles@marietta-city.org or 770-427-4631 x7238), will assist the grievant in completing the written Request for Hearing.

2. Hearing Request: The Request for the Hearing must include the following:

- b. The address of the residence of the student.
- c. The name of the school the student attending.
- d. The decision that is the subject of the hearing.
- e. The requested reasons for review.
- f. The proposed remedy sought by the grievant.
- g. The name and contact information of the grievant.

Within 10 business days from receiving the grievant's Request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. Mediation: The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. Hearing Procedures:

- a. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the grievant's request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- b. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- c. The grievant will have an opportunity to examine the child's educational records prior to the hearing.
- d. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.
- e. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e., a recipient shall place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R. §104.34). One or more representatives of the school system, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony and answer questions posed by the review official.
- f. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
- g. The impartial review official shall determine the weight to be given any evidence based on its reliability and probative value.
- h. The hearing shall be closed to the public.
- i. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
- j. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
- k. Testimony shall be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing shall be retained by the recipient.
- l. Unless otherwise required by law, the impartial review official shall uphold the action of school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.
- m. Failure of the grievant to appear at a scheduled hearing unless prior notification of absence was provided and approved by the impartial review official or just cause is shown shall constitute a waiver of the right to a personal appearance before the impartial review official.

5. Decision: The impartial review official shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorney's fees.

6. Review: If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

The Board assumes no responsibility for loss or damage to student's personal technology while on school grounds or otherwise used via the BYOT agreement or any other purpose. Student and parent accept this risk when the choice is made to utilize personal technology.

Students should not allow other students to take possession of their devices.

I understand that the use of personal technology devices for instructional purposes *is a privilege, not a right*. By signing below, I understand and agree to follow the policy and guidelines regarding Bring Your Own Technology (BYOT). Violation may result in the loss of technology privilege and other disciplinary sanctions.

I understand that a student admitted under false information is illegally enrolled and will be dismissed or reassigned from Marietta City Schools upon discovery.

If I have any questions about information contained in the *Guide*, I understand that I may ask a school administrator to discuss those questions with me. Failure to sign and return this form does not relieve me from complying with and understanding the information enclosed in the *Parent Guide*.

I understand that it is my responsibility as the Parent/Legal Guardian to immediately inform the school district of any changes in the information provided on this form, including, but not limited to, phone numbers, change in custody, etc. I also understand that I may be asked to furnish proof of residency at any time during the school year as a component of the District's residency verification process.
