

ADVANCED STUDIES @ MSGA & MMS

What is it?

This new approach organizes advanced course options under one umbrella called Advanced Studies.

FAR: Flexible, Aligned, Rigorous

Advanced Studies will offer more flexibility for students, will be better aligned with MHS advanced course options, and will maintain the same level of rigor as MHS advanced studies and courses.

The Middle Grades Coordinator

The new coordinator will oversee all classes and program events and will collaborate with other departments and teachers on curriculum, technology, instruction, assessment, and use of instructional technology.
