District Unit Planner

Everything on the unit planner must be included on the unit curriculum approval statement.

Personal Finance Economics

Unit title	<i>Unit 6- The Risks of Financial Decisions</i>	MYP year	4	Unit duration (hrs)	7.5 Hours
-------------------	---	-----------------	---	----------------------------	-----------

Mastering Content and Skills through INQUIRY (Establishing the purpose of the Unit): *What will students learn?*

GSE Standards

Standards

SSEPF7 Analyze how insurance and other risk-management strategies protect against financial loss.

- a. Explain why people buy insurance.
- b. Describe various types of insurance such as automobile, health, life (whole and term), disability, renters, flood and property.
- c. Explain the costs and benefits associated with different types of insurance, including deductibles, premiums, coverage limits, shared liability, and asset protection.
- d. Define insurability and explain why insurance rates can vary

SSEPF9 Explain ways consumers are protected by rules and regulations.

- a. Describe how government agencies offer protection in banking, investments, borrowing, and buying goods and services.
- b. Compare different methods for lodging consumer complaints (e.g., Better Business Bureau, online methods, and direct contact with business).
- c. Explain the primary purpose of important consumer legislation (i.e., the Truth in Lending Act, Fair Debt Collection Practices Act, Fair Credit Reporting Act, the Equal Housing Act, and the Dodd-Frank Act).

SSEPF10 Explain sources of and protection against identity theft.

- a. Describe common ways identity theft happens including dumpster diving, skimming, phishing, stealing, and data breaches.
- b. Describe ways to protect yourself from identity theft including shredding important documents, not opening attachments to unknown emails, not revealing personal information over the phone or email, using secure networks, regularly monitoring your credit report, changing passwords on accounts, and carefully managing social media.
- c. Describe steps that should be taken if a person is the victim of identity theft including getting replacement credit cards, freezing credit histories, alerting appropriate officials, and changing passwords.
- d. Describe the basic characteristics of investment scams such as Ponzi schemes, pump and dumps, and “advance fee” scams and how to avoid them.

Concepts/Skills to be Mastered by Students

Information Processing Skills:

3. identify issues and/or problems and alternative solutions
4. distinguish between fact and opinion
5. identify main idea, detail, sequence of events, and cause and effect in a social studies context
6. identify and use primary and secondary sources
7. interpret timelines, charts, and tables
8. identify social studies reference resources to use for a specific purpose
10. analyze artifacts
11. draw conclusions and make generalizations
12. analyze graphs and diagrams
15. determine adequacy and/or relevancy of information

SS Reading Standards 9-10:

L9-10RHSS1: Cite specific textual evidence to support analysis of primary and secondary sources, attending to such features as the date and origin of the information.

L9-10RHSS2: Determine the central ideas or information of a primary or secondary source; provide an accurate summary of how key events or ideas develop over the course of the text.

L9-10RHSS3: Analyze in detail a series of events described in a text; determine whether earlier events caused later ones or simply preceded them

L9-10RHSS4: Determine the meaning of words and phrases as they are used in a text, including vocabulary describing political, social, or economic aspects of history/social science.

L9-10RHSS6: Compare the point of view of two or more authors for how they treat the same or similar topics, including which details they include and emphasize in their respective accounts.

SS Writing Standards 9-10:

L9-10WHST1: Cite specific textual evidence to support analysis of primary and secondary sources, attending to such features as the date and origin of the information

L9-10WHST2: Write informative/explanatory texts, including the narration of historical events, scientific procedures/ experiments, or technical processes.

L9-10WHST5: Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience

Key concept	Related concept(s)	Global context
Fairness and Development What are the consequences of our common humanity? Students will explore rights and responsibilities; the relationship between communities; sharing finite resources with other people and with other living things; access to equal opportunities; peace and conflict resolution.	Perspective Choice Sustainability	Fairness and Development What are the consequences of our common humanity? Students will explore rights and responsibilities; the relationship between communities; sharing finite resources with other people and with other living things; access to equal opportunities; peace and conflict resolution.
Statement of inquiry		
The need for protections and regulations positively correlate with risks.		

Inquiry questions

Factual—

- What is insurance?
- What are the types of insurances available to consumers?
- What are the basic components of an insurance policy?
- What is identity theft?
- What policies exist to protect consumers?

Conceptual—

- What do all insurances have in common?
- Why is it important to analyze risks?
- How do people obtain health insurance?
- What are the major differences between types of health insurance options?
- How is insurability determined?
- How does identity theft happen?
- What do you do if you are a victim of identity theft?
- What is similar among the various consumer protections?

Debatable-

- How do you evaluate risk?
- Should people purchase optional insurance?
- What are the costs and benefits of having insurance
- How can you best protect your identity from identity theft?

MYP Objectives	Assessment Tasks	
<i>What specific MYP objectives will be addressed during this unit?</i>	<i>Relationship between summative assessment task(s) and statement of inquiry:</i>	<i>List of common formative and summative assessments.</i>

<p>Criterion B: Investigating Criterion C: Communicating</p>	<p><u>Consumer Protection Project</u> Students will investigate consumer credit protections and create a project outlining the protections consumers have available to them.</p>	<p><u>Formative Assessment(s):</u> Imagining Your Financial Future DE Investigation Using Credit Wisely DE Investigation Understanding Your Consumer Rights DE Investigation</p> <p><u>Summative Assessment(s):</u> Unit Assessment in AMP</p>
--	---	--

Approaches to learning (ATL)

Category: Collaboration skills
Cluster: Collaboration skills
Skills: Students will investigate and exchange ideas on the various types of consumer protection and demonstrate how individuals and businesses are affected.

Learning Experiences
