**GA DoE Standards**

**SS5E1** Use the basic economic concepts of trade, opportunity cost, specialization, productivity, and price incentives to illustrate historical events. (Introduce concepts prior to application in later units.)

- a. Describe opportunity costs and their relationship to decision-making across time
- b. Explain how price incentives affect people's behavior and choices
- c. Describe how specialization can improve standards of living and productivity
- d. Describe how trade and voluntary exchange promotes economic activity

**SS5E2** Describe the functions of four major sectors in the U. S. economy.

- a. Describe the household function in providing resources and consuming goods and services.
- b. Describe the private business function in producing goods and services.
- c. Describe the bank function in providing checking accounts, savings accounts, and loans.
- d. Describe the government function in taxation and providing certain public goods and public services.

**SS5E3** Describe how consumers and producers interact in the U. S. economy.

- b. Describe how people earn income by selling their labor to businesses.
### Information Processing Skills:

- 3. identify issues and/or problems and alternative solutions
- 6. identify and use primary and secondary sources
- 9. construct charts and tables
- 11. draw conclusions and make generalizations

### Themes and Enduring Understandings:

**Beliefs and Ideals:** The student will understand that the beliefs and ideals of a society influence the social, political, and economic decisions of that society. **K-5 EU:** The student will understand that people’s ideas and feelings influence their decisions.

**Production, Distribution, and Consumption:** The student will understand that the production, distribution, and consumption of goods/services produced by the society are affected by the location, customs, beliefs, and laws of the society. **K-5 EU:** The student will understand that the ways people make, get, and use goods and services may be different from how people in other places make, get, and use goods and services

### Essential Questions

**Factual—**

- What are some of our nation’s beliefs and ideals?
- What is the difference between a good and a service?
- What is trade?
- What are the four sectors of the American economy?
- What is the function of each sector?

**Inferential—**

- How do our responsibilities as citizens influence the decisions we make as a society?
- How do our customs and beliefs determine the goods and services we purchase and where we work?
- How does trade improve the American economy?
- How does competition affect prices?
- How do local stores decide what to sell?
- How do consumers choose where to buy their goods and services?
- How do the four sectors of the economy work together?
- How does the government provide services to its citizens?

**Critical Thinking—**
How do the beliefs and ideals of a society influence the rights that are given to their citizens?
Why is it important for us to be responsible citizens?
Why is it important to be a producer and a consumer?
Why are banks an important part of the economy?
