I want a new Dog
I want to get god gras
I want to In prow
on my maffest
I want to have a good same
and Taylor ^{love} F NEED a big Dres

Molly Hatch Inspired
piece

My piece was inspired by Molly Hatch. The hardest thing about this piece is applying the pieces. The easy thing about this piece was coloring. I think I can improve next time by applying the pieces on as I cut them out.

HOLLIS FOX

What inspired my piece was a mountain next to a river and ocean.

There were some challenging parts and those parts are gluing down plates/circle paper pieces drawing on the right side and choosing the piece that was not too hard or too easy, it was hard to find one just right.

The thing I enjoyed the most was in the process was cutting the plates/circle paper pieces.

There were some problems and this is what they were keeping the plates/circle paper pieces in order so my solution was to cut the pieces in strips instead of cutting one at a time.

What I would have done differently is manage my time better.

We also got to use math arrays to figure out how many plates/molly hatch used in the painting.

Dhaatri

The Assinment was decorating plates and putting together to make a picture. I can make Molly Hatch inspired piece using white paper circles, construction paper for the background. I did well in coloring and choosing what I like. I need to work on coloring darker so people can see what I draw. The hardest was cutting the paper circles out. The easiest part was gluing in the circles. It was harder than I thought it would be. The vocabulary words I learned are Installation and Indagate. Installation means you push it in. Indagate means you find something.
