

According to the Georgia Department of Education (GaDOE), the Spring 2023 Georgia Milestones EOG meets all the reliability standards and are considered valid results.

- To provide meaningful results and to protect the privacy of individual students, summary data are reported only when the total number of students in a group is at least 15. In such cases where the number of students falls below 15, data is blank.
- Due to rounding, achievement level percentages may not total 100%.
- The 2021 Spring Georgia Milestone EOG administration had a low participation rate due to the COVID-19 pandemic.
- *n* = "number of students" in the charts
