Spring 2021 Georgia Milestones Assessment System End of Course (EOC) Results

According to the Georgia Department of Education (GaDOE), the Spring 2021 Georgia Milestones EOC meets all the reliability standards and are considered valid results. Due to the COVID-19 pandemic, interpreting the results should factor the following:

- All students began the year with virtual instruction.
- Some students only received virtual instruction for the entire year.
- Many students received virtual instruction following interruptions due to quarantines.
- Students only received four days of direct instruction throughout the year.
- The weight of the Georgia Milestones EOC was reduced to 0.01% of the student’s final grade.
- The participation rate was significantly reduced (ranging from 8% - 60% pending the school, grade, and content).

Please Note:

- To provide meaningful results and to protect the privacy of individual students, summary data are reported only when the total number of students in a group is at least 15. In such cases where the number of students falls below 15, data is blank.
- Due to rounding, achievement level percentages may not total 100%.
- “NA” stands for Not Applicable.
- The 2020 Spring Georgia Milestone EOC administration was canceled due to the COVID-19 pandemic.
