

Georgia Milestones

Transition to Online

- Online administration will be the primary mode of administration for Georgia Milestones, with paper/pencil serving as back-up
 - transition will occur over time
- Administration procedures will change
- Online practice center will be available
- MCS will have 100% online administration Spring 2015

A demo of CTB's online platform can be accessed at this link –

<http://learnoas.ctb.com/GA/>

- Click on any one of the tests to open the Sample Test Page
- Click on "Start the test" at the top of the web page
- Click on "Login", no credentials are required

Note – this demo was designed for the CRCT Retest in mind so the tests that you will see are for Grades 3, 5 & 8, Reading & Math.

Experience Online Testing Georgia

Applicable to both EOC and EOG measures

- The website's primary purpose is to provide **exposure to the online platform** that students will use when taking the Georgia Milestones tests.
- Given this, you will find:
 - General items from four content areas that reflect multiple grade levels.
 - Items do not necessarily reflect of the range of content or challenge that students will experience on actual tests.
 - Three short accommodated demonstration tests – High Contrast, Large Font, and Screen Reader as of November 2014.

Georgia Milestones

Georgia Milestones represents a significant change and importantly – *an opportunity* – for our state.

This opportunity allows us to *recalibrate*, as a state, and *refocus* on **teaching and learning** as a primary emphasis with assessment and accountability serving a *supporting* role.
